

Plain Language Summary for New Source Review (NSR) Initial Application for Air New Source Review Permit 182699

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

EZ Waste Inc. (CN604908186) has submitted an initial application for case-by-case NSR permit 182699. The EZ Waste Facility (RN108726399) proposes to operate a concrete crushing facility located from the intersection of Wallisville Rd and Zaballos Ct, head North for 0.15 miles. Site is to the right, Houston, Harris County.

This permit will authorize all concrete crushing operations including associated emissions from all emission sources at the site. EZ Waste Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	0.01
PM	1.19
PM ₁₀	0.46
PM _{2.5}	0.06

The facilities will be controlled by water sprays, which will achieve a 70% reduction at all material inlets and outlets.
